Another record breaker - Glamorgan Records Office contract win

Glamorgan Records Office, Capital Retail Park

The new Glamorgan Records Office has appointed Fullcircle as the Facilities Management team for their new building at Leckwith in Cardiff.

The contract includes grounds maintenance, window cleaning, cladding cleaning, internal cleaning and specialist cleaning to the four strong-rooms contained within the building.

The Fullcircle team were specially briefed to ensure the documents housed do not get

damaged; and usual cleaning materials and methods had to be evaluated, to ensure there would be no detrimental effect on the specific temperature conditions that these valuable documents are stored at.

Containing the largest viewing screen in Europe and some of the most important documents in Wales, the Glamorgan Records Office is a prestigious new building that attracts International interest.

Community Spotlight

Emilio, 4, from Christ the King R/C Primary School, Llanishen is just one of some 2500 local school children to have benefitted from the sponsorship Fullcircle have entered with Cardiff Blues. As part of the sponsorship Fullcircle distribute match tickets to schools they currently work with as their way of giving something back to the local community.

Emilio, a keen Blues fan, whose favourite player is the X-man, Xavier Rush, enjoyed the Ulster Match on Friday 26th March with friends from some 6 primary schools across Cardiff.

Ticket Giveaway - Fullcircle team up with Cardiff Blues RFC

Local school children have been benefiting from a sponsorship deal between Fullcircle and Cardiff Blues Rugby FC.

The tickets, donated by Fullcircle, are part of a new initiative to encourage local youngsters to support their local team and get some fun from sport, whilst also increasing the volume of visitors at the new Cardiff City Stadium.

Fullcircle Managing Director, Marc Eckley, who dreamt up the scheme, said "We work with lots of schools in Cardiff and wanted to get more involved with them. We suggested to our friends at Cardiff Blues that we would like to provide sponsorship to offer free rugby tickets to local schools, and they jumped at the opportunity."

Please contact Fullcircle on 0844 906 0707 for fixture details and ticket availability.

Due to each ticket holding a full value, Fullcircle would like to politely appeal to those requesting tickets, to only do so if they have recipients who fully intend to attend games.

Fullcircle are now an approved provider of the Carbon Trust's interest free loans scheme.

The Carbon Trust is offering SMEs the opportunity to reduce their carbon footprint, by utilising a 0% loan to make carbon-saving changes to their business. The scheme is self-financing, as the savings made to energy costs are used to repay the loan over a period of up to 4 years.

The popular scheme not only utilises cash savings generated, but allows SMEs to participate in Corporate Social Responsibility without major investment.

Please contact Steve Martin on **0844 906 0707** for further information.

Snow news is good news

The January snow may have caused havoc for many businesses, but for Fullcircle it has been far from a flaky start to the New Year.

From retail parks to business parks, Fullcircle have maintained access routes, thus ensuring it has remained business as usual for its customers.

For more information regarding Fullcircle's gritting and snow clearance service, please call Head Office on **0844 906 0707**.

Going Global - Fullcircle develop Head Office for GSS

Global Specialised Services, a leading logistics company, has engaged Fullcircle to fit out their new 30,000 sq ft head office at Trident Park, Cardiff.

Before works for GSS could commence, the landlord of Trident Park, PMG, also instructed Fullcircle to undertake a major works programme to the unit. This included installation of dividing walls and all services into the building, and fitting of roller shutter doors and other security measures.

In order to ensure a high specification fit-out to GSS's Head Office, Fullcircle undertook all stages of M&E fit-out, IT installation and interior design.

Who better to provide a complete turn-key solution than Fullcircle?!
